Re: Amended Data Collection Report for Docket No. MT2012 - 1

In accordance with Commission Order No. 1035, issued December 9, 2011 in Docket No. MT2012-1, the Postal Service filed its data collection report for Fiscal Year 2013, Quarter 3 on August 9, 2013 for the market test for First-Class Tracer.

The Postal Service erroneously reported that it did not have any data to report for this quarter. However, after the report was filed, the Postal Service discovered that a small amount of volume had been sold at a few retail locations. The Postal Service is therefore filing an amended First-Class Tracer data collection report for Fiscal Year 2013, Quarter 3 to reflect this change. The workbook (filed in conjunction with this letter), entitled, "First-Class Tracer DCR FY13, Q3," reports on the data required by the Commission in Order No. 1035. As previously reported on August 9, 2013, the Postal Service did not incur any attributable, administrative or ancillary costs during this quarter.

The market test will continue to remain on hold until the Postal Service completes the necessary system updates to enhance the scripting for the market test.

Sincerely,

Brandy Osimokun
